

Criando uma nova Categoria

Para a criação de uma nova categoria, é necessário ir em Catalogo e em seguida em Categoria:

The screenshot shows the OpenCart dashboard interface. On the left is a dark navigation menu with the following items: Dashboard, Catalog, Categories, Products, Recurring Profiles, Filters, Attributes, Options, Manufacturers, Downloads, Reviews, Information, Extensions, Design, Sales, Customers, Marketing, System, and Reports. The 'Catalog' and 'Categories' items are highlighted with a red box, and a red arrow points from this box to the 'TOTAL ORDERS' widget on the dashboard. The main dashboard area has a header with the 'opencart' logo and a user profile 'John Doe' with a 'Logout' link. Below the header is a 'Dashboard' section with four widgets: 'TOTAL ORDERS' (1), 'TOTAL SALES' (106), 'TOTAL CUSTOMERS' (0), and 'PEOPLE ONLINE' (0). Each widget has a 'View more...' link. Below these are a 'World Map' and a 'Sales Analytics' chart. At the bottom, there are sections for 'Recent Activity' (showing 'No results!') and 'Latest Orders' (showing one order: Order ID 1, Customer ALmir Teste, Status Pending, Date Added 07/07/2022, Total \$106.00). The footer contains the text 'OpenCart © 2009-2022 All Rights Reserved. Version 3.0.3.8'.

Após isso basta clicar no sinal de "+" para adicionar uma nova categoria:
